### About Mario Galbatti:

Mario Galbatti delivers plenty of pop this time around with influences from the 1940's to the 80's. By blending modern edge and chic eyewear fashion into our design, you will get something we like to call Retro-Chic Eyewear Fashion. Mario Galbatti is a distinctive, fashion forward, upscale frame designed for those Men and Women who want to channel pure confidence. This collection has a perfect balance between luxury and casual, retro flare, and yesteryear styling. It features colorful and inspiring temples, impeccable details, and boastful colors.

The manufacturing materials for our frames vary. Some are made out of Zyl to achieve beautiful colors and be extremely lightweight. Others are made with Stainless Steel Metal which allows frames to be light weight but durable. One other popular material used on Mario Galbatti frames is TR-90 which allows maximum flexibility to the user while maintaining a high quality design. The Retro-Chic Era of Mario Galbatti is versatile and can be used to achieve different fashion looks while always maintaining a high standard of functionality and excellence.
